PROFESSIONAL SUMMARY

Computer Science & Engineering graduate with hands-on Data Science internship experience at ExcelR Solutions. Skilled in Python, C, data analysis, machine learning fundamentals, and problem solving. Seeking an entry-level Software Engineer, Python Developer, Data Analyst, or Data Science Associate role.

EXPERIENCE

Data Science Intern <i>ExcelR Solutions</i>	08/2024 – 02/2025
- Completed internship projects in Semantic Analysis and Telecommunication Analysis. - Performed data cleaning, preprocessing, exploratory data analysis (EDA), and visualization. - Applied Python and machine learning concepts to analyze datasets and generate insights. - Collaborated with mentors to complete project deliverables.	

EDUCATION

B.Tech – Computer Science & Engineering <i>CMR Engineering College</i>	2019 – 2023
- Degree Completed: 2025 - CGPA: 7.0/10	
Intermediate (MPC) <i>Board of Intermediate Education, Telangana</i>	2017 – 2019
Percentage: 65.9%	
SSC <i>Board of Secondary Education, Telangana</i>	2016 – 2017
CGPA: 8.2/10	

TECHNICAL SKILLS

Programming Python, C	Core Data Structures, DBMS, Object-Oriented Programming
Data Science Data Analysis, Data Preprocessing, Exploratory Data Analysis, Machine Learning Basics	Tools Jupyter Notebook, Git, GitHub, Microsoft Excel

CERTIFICATIONS

- Data Science Certification with Distinction – ExcelR - Create Your First Python Program – Coursera - Successful Presentation – Coursera - National Level English Language Proficiency Test (100%)	- Data Science Internship – ExcelR - C for Everyone: Programming Fundamentals – Coursera - Differential Equations for Engineers – Coursera
---	--

PROJECTS

Semantic Analysis <i>Internship Project</i>
- Developed a semantic analysis solution using Python. - Applied text preprocessing and NLP techniques. - Extracted meaningful insights from textual datasets.
Telecommunication Analysis <i>Internship Project</i>
- Analyzed telecommunication datasets using Python. - Performed EDA, data visualization, and trend analysis.
